

ANNEX 3 - GCCA+ proposal preparation checklist

Global Climate Change Alliance (GCCA+)

Proposal preparation checklist

Please tick the appropriate boxes

Country

Population size

A - Is the proposal in line with one more GCCA priorities (see also www.gcca.eu)?	
Mainstreaming climate change into poverty reduction and development efforts	<input type="checkbox"/>
Increasing resilience to climate related stresses and shocks	<input type="checkbox"/>
Supporting formulation and implementation of concrete and integrated sector based climate change adaptation and mitigation strategies.	<input type="checkbox"/>
B - Does the proposal specify?	
The project dimension (regional or national scope)	<input type="checkbox"/>
The sector/area of the EUD regional/national indicative plan	<input type="checkbox"/>
The overall population of the targeted area (region or per country)	<input type="checkbox"/>
The GCCA+ vulnerability index ranking	<input type="checkbox"/>
The overall objective of the proposed action	<input type="checkbox"/>
If it is a new project, second phase, upscaling project (does the proposal indicate the CRIS number in the last two cases)	<input type="checkbox"/>
The region/country political commitment towards Climate change (e.g., if UNFCCC NAPAs, NAPs, NDCs have been submitted)	<input type="checkbox"/>
The estimated duration	<input type="checkbox"/>
The estimated amount (in Euro)	<input type="checkbox"/>
The level of preparation (contacts already established, consultations made, etc.)	<input type="checkbox"/>
The implementing partner foreseen	<input type="checkbox"/>
Other potential donors/co-funding sources	<input type="checkbox"/>
C - Does the proposal indicate clearly which climate issues are being dealt with (see examples below) ?	
Sensitive sectors	Sectors mentioned in the GPGC
Agriculture / Food security	Sustainable land use
Water	Risk management planning
Energy	Ecosystem based management
Infrastructure	Adaptation and mitigation synergies
Environment, natural resources	Urban development
Biodiversity	Gender
Forestry	Climate induced migration
Governance systems	Coastal erosion
ENV & CC Mainstreaming	UNFCCC NDC implementation
	Other (specify in the proposal)

D - Gender dimension	
Is the gender dimension clearly taken into account?	<input type="checkbox"/>
E - Is there a clear link to the following policies, strategies or plans?	
UN 2030 Agenda for Sustainable Development (Sustainable Development Goals/SDGs)	<input type="checkbox"/>
United Nations Framework Convention on Climate Change (UNFCCC) Paris Agreement	<input type="checkbox"/>
Sendai Framework for Disaster Risk Reduction (DRR)	<input type="checkbox"/>
Proposal for a new European Consensus on Development	<input type="checkbox"/>
Addis Abeba Action Agenda on Financing for Development	<input type="checkbox"/>
Nationally Determined Contribution and/or National Adaptation Plan	<input type="checkbox"/>
National development strategy	<input type="checkbox"/>
Sector based strategies or plans	<input type="checkbox"/>
F - Have you indicated :	
The name of EUD focal point for this proposal (and if he is a member of Cap4Dev GCCA+ public group)	<input type="checkbox"/>
If DEVCO HQ Geo coordinator has been consulted (if yes, provide name)	<input type="checkbox"/>
If technical support will be required (e.g., from support facility and/or thematic unit be required for formulation of the action document/ project proposal)	<input type="checkbox"/>
